

# RESIDENTIAL STEEL ROOFING & SIDING REQUEST FORM

Please fill out all information on pages 1 and 2 and add dimensions to the layout that matches your home. If your layout does not look like one of the images provided, please use the last page to draw out your layout and add dimensions. Once completed, please email to [SQQT@MidwestManufacturing.com](mailto:SQQT@MidwestManufacturing.com) to receive a quote. Our design team may contact you with any questions that may arise during the quoting process.

## WHY EXACT DIMENSIONS ARE IMPORTANT

When estimating steel roofing panels, the dimensions entered will be used to determine the quantity and length of each steel panel needed.

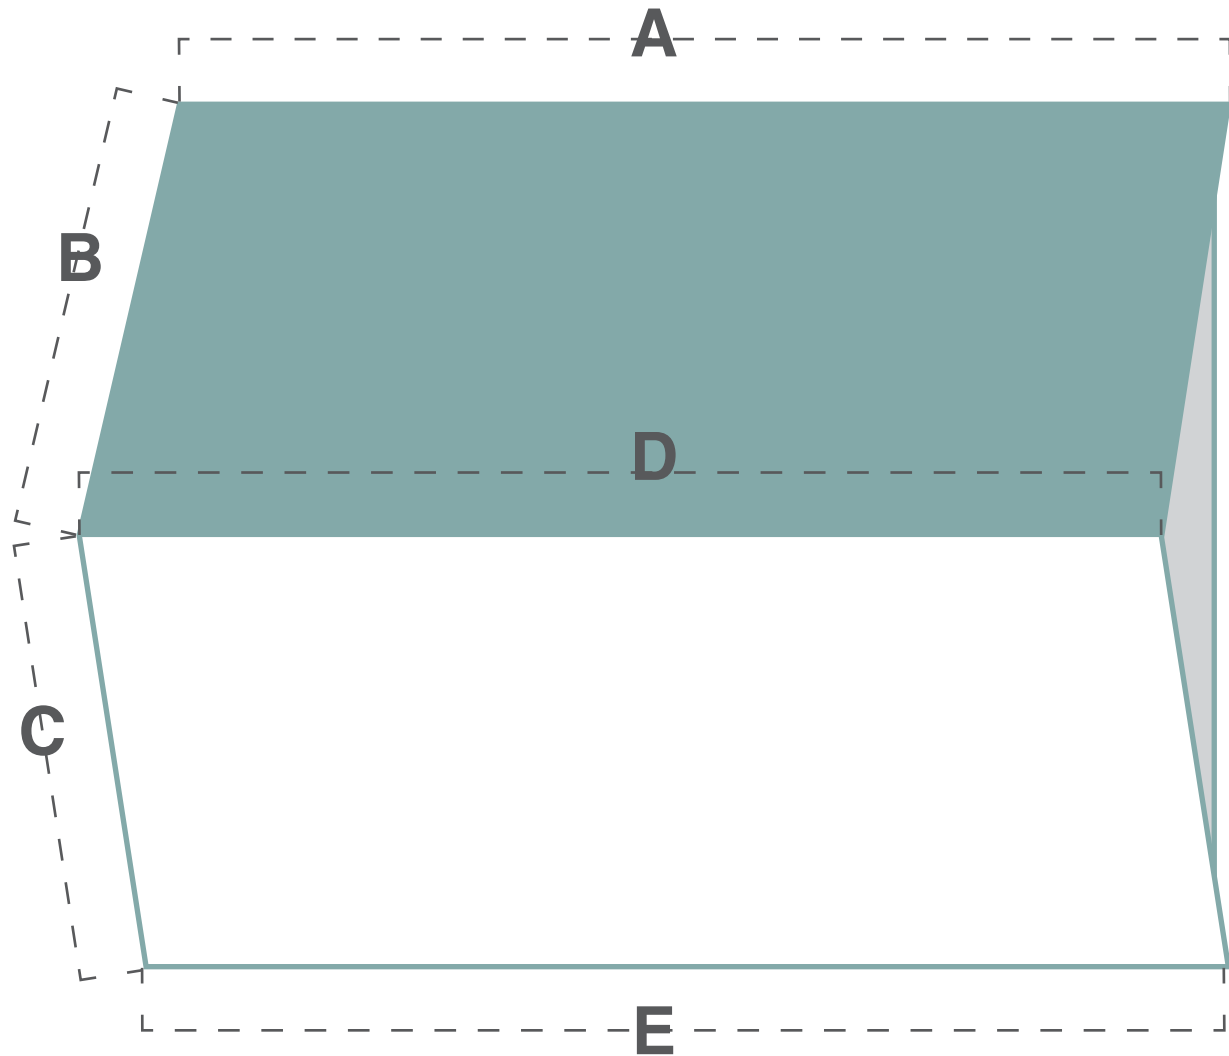

## MEASUREMENTS

Collect and record the corresponding dimensions.

*Preferred measurements: X' XX" (ex. 24' 3")*

LOCATION	DIM.		TYPE
A	ft	in	Eave
B	ft	in	Eave to Peak
C	ft	in	Eave to Peak

LOCATION	DIM.		TYPE
D	ft	in	Ridge
E	ft	in	Eave

Once completed, please email to [SQQT@MidwestManufacturing.com](mailto:SQQT@MidwestManufacturing.com) to receive a quote.

If your home does not match a layout provided, please sketch out your roof and/or walls for a quote. Please draw as a top down view of your roof or home footprint (for siding), including as many measurements as possible. Our Design Team may contact you with further questions in order to complete your estimate.

Once completed, please email to [SQQT@MidwestManufacturing.com](mailto:SQQT@MidwestManufacturing.com) to receive a quote.
